

Rishabh Mishra

Frontend Engineer

My Self

An experienced Frontend Engineer based in India, skilled in Shopify customization, theme development, and integration. I have a track record of leading training sessions for junior developers, spearheading R&D for innovative Shopify features, and managing technical support. My qualifications include an Advanced Diploma in Computer Application and a degree in economics. My core skills encompass Web Development, User Experience, and Agile Methodologies, making me a valuable asset in frontend engineering roles.

Experience

Tech Team Lead - Marmeto India

Tech Team Lead / RnD Engineer Jan 2023 – Present

- Creating and maintaining new innovative tools and Shopify applications.
- Played a key role in the development and maintenance of various internal web applications, ensuring optimal functionality and user experience.
